Effol Skin-Balm – improved formula

Effective repair for all skin wounds. The rich care cream supports the treatment of skin wounds and cracked heels. High-quality pathenol and zinc oxide support wound healing, encrusted skin is dried and a moisture-regulating protection against damp is formed. In addition, the formulation with valuable oils cares for treated skin sustainably. Effol Skin Repair is generously applied to the affected areas and, after just a few applications, causes the wound to heal or a reduction of the cracked heels.

Contains: zinc oxid, urea, avocado-, rosemary- and sage oil

Art.-No.: 11724000 PU: 6
